# PrestigePlus

The Prestige Plus has all the classic style of its smaller counterpart, the 16' Prestige, but being built on a 20' chassis, it offers a good deal more elbow room. This additional space in the common area allows for multiple guests to freshen up at the same time.

---

The large, ornate double vanity has plenty of room for makeup and the mirror, which runs the full length of the cabinet is well lit to allow the careful application of cosmetics.

---

Tasteful prints of vintage advertisements adorn the walls of both the women's and men's compartments and all sinks, commodes and urinals feature no-touch controls.
